Bill:

Attached is a somewhat hurried revision of your memorandum about the records program to reflect some of the more basic ideas we discussed yesterday afternoon. The probability, as it appears from Larry Houston's memorandum just received, that you will be the Chairman of the Agency Classification/Declassification Review Committee may introduce some awkwardness in the way we have this worded. I'll be glad to work it over again when that has been decided. Alternatively, if you are to be the Chairman you may want to establish the rest of the membership and have the Board produce a final paper.
